During the year of 2020 I purchased Quaker oats granola with almonds and packs of honey nut cheerios and mixed them together in milk to make my morning cereal. During this time I also purchased packs of honey nut cheerios and ate it with a cinnamon muffin or a pack of cinnamon swirls. I purchased the packs of honey nut cheerios and Quaker oats honey granola and almonds from a dollar tree off e 23rd street in Independence, MO that relocated next to price chopper but is still in the same lot. I would consume this combination while in the lobby of a price chopper off of E 23rd street in Independence, MO sitting in front of a television watching CBS morning news as well as CBS this morning in which I the plaintiff also have filed a lawsuit against Viacom CBS (ref.USCA 22-724) as well as LG electronics inc. and Vizio Inc. for invasion of privacy through the viewing of my person through the television as well as encouraging cyber and in person stalking as well as aiding in the act of racketeering proving how the General Mills corporation got the idea and proceeded to create the overall product. After eating this mixture amongst other breakfast combinations, Towards mid summer of 2020 I began seeing the General Mills Cheerios oat crunch Cinnamon, Almond and honey flavors on store shelves.
